

VES Finance Committee

Agenda:

1. Informational Delta Dental
2. Informational Website Update
3. Health Insurance Coverage
4. Budget Revisions

The finance committee met December 8, 2020. Scott Anderson, Theresa Knapper Smith, Kathy Skinner and Kari Olson were in attendance.

Delta Dental premiums showed no increase. This is a benefit provided to all employees free of charge to them.

Theresa had been in contact with a website company to inquire about updating our website. Their monthly maintenance fees were triple what we are currently paying. The committee decided to keep Go Ask Rob and see if there is something he can do to improve our website.

Kathy will send out a reminder to staff that if they would like to change their insurance coverage to do so by the first of the year.

Kathy presented us with an updated budget that shows changes highlighted in red. Some of the line items have been reduced because we simply are not using them and they can be better distributed to other areas.
