VES Spotlight

Reminder - NO
SCHOOL tomorrow!

Students can access their headrush login from our [website](#)! Have them show you what they are working on!

We continue to emphasize that we have fewer days in school so STUDENTS need to make them count. Attendance, showing up as best they can, and being productive, are important. Being present in school will promote success in school. Thanks for your active participation in your students' success in school.

Please call (218)444-3130 or email attendance@voyageursschool.org if your student will be gone from school for any reason. Lunch count needs to be submitted by 8:40 am if your student plans to eat hot lunch. Thanks!

Upcoming Events

Celebration of Learning

Come and see the learning that your student(s) have been doing! We are celebrating, as a community, from 4:30-6:30 PM today! Walking tacos will give you an opportunity to eat supper while here. Make a point to walk through all our classroom spaces to see what each grade/group is doing. You will be amazed!

Join us for a spoooonoooooky haunted house fundraiser at Rail River Folk School on Friday, October 27th and Saturday, October 28th, 6-10pm. We are fundraising for a trip to Florida! \$5 Entry Fee and concessions! Wear your Halloween costume!

Ms Update:
from Mak

In 6th we have been working on our English All About Me Project that we are showcasing on Celebration of Learning Night. In 7th Grade Social Studies we have been learning about the American Revolutionary War. 8th Graders have been working on geometry and our How They Croaked Project. We had a great E-Week last week and are working on wrapping up our classes.

HS Update:
Monica's
Advisory

We welcomed our advisory students back from the long MEA break after an exhausting but transformative E-week. Monica was out the first two days attending a family wedding in Nashville, but we were happy to have her back by Wednesday. This week students registered for their Block 2 classes and book clubs - there are so many great options this block! We also learned from Shelby about her experience in the Boundary Waters last year during the student field trip. It sounded like an incredible adventure that taught students a lot about teamwork, nature, and conservation. We look forward to the Friends of the Boundary Waters visit next week to teach us more about protecting this treasured wilderness area. Looking ahead, we are excited for our Celebration of Learning tonight where students will showcase all they learned during Block 1. In particular, Monica's PBL class has been diving deep into the issue of single-use plastics and have created some eye-opening zines demonstrating their knowledge. It should be a great night bringing our Block 1 learning full circle.

We can't wait to see what the rest of the year brings! Let the learning continue!
