VES Spotlight

Reminder - we DO NOT have school this Friday, March 29!

Students can access their headrush login from our website! Have them show you what they are working on!

Check out the resources page on our website!
<https://www.voyageursschool.org/student-family-resources/>

We continue to emphasize that we have fewer days in school so STUDENTS need to make them count. Attendance, showing up as best they can, and being productive, are important. Being present in school will promote success in school. Thanks for your active participation in your students' success in school.

Please call (218)444-3130 or email attendance@voyageursschool.org if your student will be gone from school for any reason. Lunch count needs to be submitted by 8:40 am if your student plans to eat hot lunch. Thanks!

Upcoming Events

- Mar. 29 ~ NO SCHOOL
- Apr. 4 ~ End of Block 4

Follow VES:

End of Block 4 approaching!

The end of the current grading block is Thursday, April 4. Let's finish strong with great attendance and completing unfinished work!

HS Update
Brett's and
Austin's
Advisory

Greetings, grown-ups! Hope you're doing well! Just a quick update on what's been happening at school lately. So, we've had a couple of snow days recently, which threw us off our usual groove, but we're back in action and ready to make the most of the spring grading blocks.

Our art program will be joining the Watermark art gallery April 5th through the 25th. Come check out the artwork that Voyageurs students have produced!

Also, wanted to let you know about the credit recovery classes we're offering after school. These are super helpful if your kid needs to catch up on any missed credits or boost their grades in certain subjects. If you think it could benefit your child, feel free to shoot us a message. We're here to support them every step of the way! Thanks for being awesome partners in your child's education.

MS Update Mak's
Advisory

Hello from Cactus Clan! TWO snow days back to back! On Wednesday, students in Mak's social studies classes discussed the controversy of "e-learning" versus "snow days," the consensus was most students do not want to make up an extra day for a snow day, but they don't like virtual learning, so they want to keep Voyageurs E-Learning how it is. Last week students took the Spring MAP test that measured their growth from the Fall test. Students who showed any improvement get to go bowling on one of our dreaded 5-day week Fridays! (Only three left!) Teachers use the data from the MAP test to see what areas students need more growth and support with. Coming up soon...EWEK! Our final e-week is May 6-9th, students will be signing up for classes on April 15th. There will be several different options including over nights, day trips, and staying in the building. Have a great long weekend!
